Hudson, Ohio 44236

Dear Mr. McDowell,

On behalf of the kindergarten students of classroom B4 at Evamere Elementary, I would like to thank you and the Rotary Club for your grant. We were able to obtain an extraordinary 3-D printer that allowed for an amazing educational experience for kindergarten students at Evamere. Since obtaining our 3-D printer, kindergarten students have been learning how to design objects in a C.A.D. program called BlocksCad. Several students took it upon themselves to work on projects at home with their parents and in turn were able to teach other kindergarten students how to design objects using the BlocksCad program.

Now that we have the 3-D printer, we will be able to teach kindergarteners how to design, create and produce objects using the C.A.D. program and the 3-D printer. The Rotary's grant has allowed for kindergarteners at Evamere Elementary to dive head first into 21st century learning!

Sincerely,

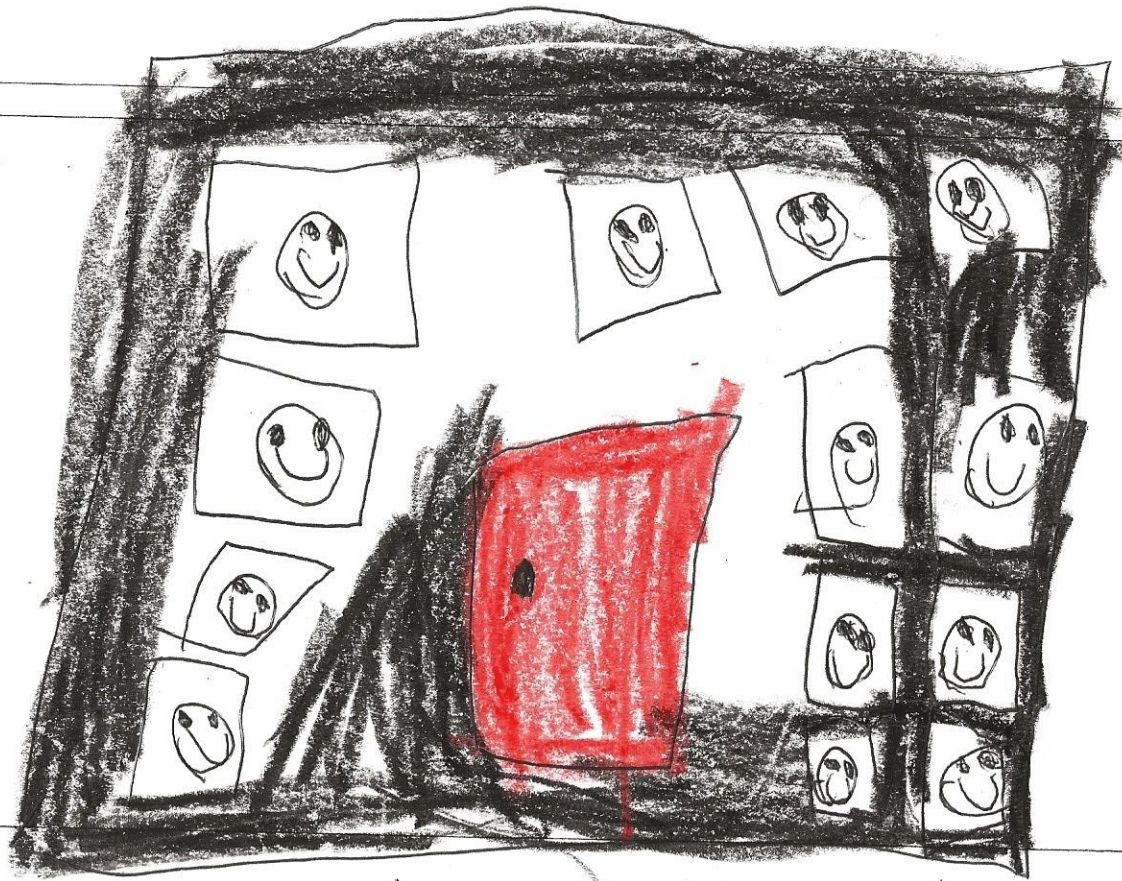

A handwritten signature in black ink, which appears to read "Jonathan Shaw". The signature is fluid and cursive.
